SUPERCHARGED LEADERSHIP!

JP Horizons' LEADERSHIP SUMMIT

Bob Coulter. *The Summit is all about improving leadership skills for owners, foremen and managers — it will absolutely set you firmly on the road of personal growth and success.*

"Our productivity is up 22% this year — and our revenues are up 13% — thanks to Jim's program!"

— Bruce Morton, Ottawa irrigation contractor

Jim
Paluch

The Summit also features people strategy expert,

JIM PALUCH has been inspiring green industry professionals across the continent for almost two decades, with his unique mix of energy, expertise and proven lean management strategies. Canadians using Jim's programs report they are enjoying increased morale, superior communication, team-driven results and greater net profits!

The Leadership Summit is a full-day experience specifically geared towards green industry contractors, retailers and growers.

Your company will reap real benefits including:

- Solid vision-oriented leaders that will **own** their own performance
- Leaders that will coach and help elevate others
- Increased loyalty, engagement and commitment to your company
- Leaders with a personal success plan for 2008

Take advantage of this opportunity to have your foremen, supervisors and managers learn from the best teachers in the industry... it could be your best investment for 2008!
