A PLACE TO BELONG

LANDSCAPE ONTARIO'S INCLUSIVITY STATEMENT

We strive to ensure that we are a collaborative and inclusive organization where people of all genders, races, religions, nationalities, cultures, sexual orientations, languages, and abilities are welcomed and can feel comfortable, respected, and valued."

WHAT HAS THE LANDSCAPE ONTARIO COMMUNITY ACCOMPLISHED?

Landscape Ontario and its members work hard to advocate at various levels for those in the horticulture trades. Below are some of the initiatives LO has undertaken and continues to work toward for the benefit of our members and the communities they serve.

- **LO COVID-19 Task Force**

The LO COVID-19 Task Force worked tirelessly to provide support and resources to the horticulture community.

- **Bill 118**

Thanks to the hard work of Landscape Ontario and its members, Bill 118 came into effect in January 2021. This created huge strides in the snow and ice sector and was an important step in helping to alleviate the insurance crisis.

- **Snow insurance crisis**

Landscape Ontario Snow and Ice Management Sector Group continues to fight the current snow insurance crisis.

- **Garden makeovers**

Landscape Ontario members volunteered in their communities to honour our dedicated frontline workers by providing 10 garden makeovers across Ontario.
