Landscape Ontario Member Handbook 2009:

Your guide to professionalism in the horticulture industry

Welcome to all our members.

Changes and developments throughout the horticulture industry have made 2008 a challenging year. Landscape Ontario continues its commitment and dedication to our industry professionals by offering a number of tools and educational opportunities to allow them to prosper and achieve new success.

Members of Landscape Ontario continue to demonstrate their knowledge, skills, and professionalism. With over 2,200 members, Landscape Ontario offers first-class educational tools including seminars, conferences, certification programs, symposiums and social networking opportunities to unite the industry and offer a collective voice.

Our industry trade shows have made many partnerships to involve other industries and broaden our horizons. These alliances help to further our mission — to be the leader in promoting and educating the horticulture industry to ensure the future of our industry.

This Member Handbook will come in handy throughout the coming year. It is a valuable reference guide to the many services, programs and events offered by your association and the many professional companies that are such a huge part of it.

Be sure to visit **www.horttrades.com** for the latest information on educational opportunites, events and programs available to Landscape Ontario members.

Have a safe and prosperous season.

What is Landscape Ontario?

Introducing your trade association:

With more than 2,000 members, Landscape Ontario is the province's premier horticultural trades association. Our mission is to be the leader in representing, promoting and fostering a favourable climate for the advancement of the horticulture industry in Ontario.

Landscape Ontario is a dynamic association offering professional development opportunities, industry trade shows and conferences, consumer events and cost savings benefits.

Landscape Ontario is governed by an elected Provincial Board of Directors, which volunteers its time and effort to oversee the many programs and functions of the association.

Landscape Ontario's membership is organized by a chapter system. The opportunity to network is one of the founding principles of our association. There are currently nine LO chapters:

- Durham
- Georgian Lakelands
- Golden Horseshoe
- London
- Ottawa
- Toronto
- Upper Canada
- Waterloo
- Windsor

The chapters hold regular meetings that provide a forum for education, professional development and networking.

Landscape Ontario's 10 commodity groups address the specific needs of the various industry sectors. These groups meet regularly to look at sector-specific issues and initiate solutions. They include:

- Designers
- Garden Centres
- Grounds Management
- Growers
- Interiorscape
- Irrigation
- Landscape Contractors
- Lighting
- Lawn Care
- Snow and Ice

Through the efforts of members, volunteers and staff, Landscape Ontario provides a unified voice for the horticulture industry in Ontario.

Member Codes

Members of Landscape Ontario are expected and encouraged to observe the code in spirit as well as letter. The code outlines the most important standards of ethical and professional conduct by which members are expected to abide.

Code of Conduct

Members shall act fairly, honestly and in a manner they would be prepared to defend publicly in all aspects of the practice of horticulture.

Members shall endeavour to serve clients with integrity, knowledge and creative ability.

They shall provide only the highest level of professional services to clients, employers and others in the industry.

Members have a responsibility to provide constructive professional criticism when necessary to ensure the continued quality of goods and services.

Members shall not make a false or malicious statement that may injure the professional reputation of another member.

Members should work to maintain confidence and trust in the profession of horticulture. Members' advertising shall be neither false nor in any way misleading.

Members have an obligation to render goods and services in an efficient and cost-effective manner in order to protect the client's interest while maintaining acceptable standards.

Members have an ongoing responsibility to improve their own professional knowledge and skills and keep abreast of new developments in their industry.

Members shall encourage education and research within the horticultural field.

Members shall endeavour to attract to the profession, individuals with a high degree of honesty, courtesy, integrity and competence.

Members have a responsibility to pay their suppliers.

Members will perform work or supply goods according to accepted industry standards and the Canadian Nursery Landscape Association Specifications and/or specifications written in the contract.

Members shall continually strive toward the betterment of the environment through their dedication to the profession of horticulture.

The code of ethics is a description of general principles of conduct. They are timeless and not subject to the changes in day-to-day business practices.

Code of Ethics

To serve our clients with integrity, knowledge and creative ability.

To consistently maintain the confidence and trust in the profession.

To encourage education and research within the horticultural field.

To perform work or supply goods according to accepted industry standards and the Canadian Nursery Landscape Association Specifications and/or specifications written in the contract.

To attract to the profession those who possess a high degree of honesty, courtesy, integrity and competence.

Why worry?

Hire a certified professional!

All across Canada, horticultural professionals are working together on certification programs that define competence levels. Theese designations all require proof of skill, education, written test results or experience.

Once certified, professionals must meet renewal requirements to keep their credentials current.

Ask about certification when you consider your next outdoor purchase or project. It pays to hire a professional!

Certified Horticultural Technician

Certified Landscape Professional

Certiifed Landscape Designer

Certified Irrigation Technician

IPM Accredited Lawn Care Practitioner

Visit our New Website at www.oakspavers.com

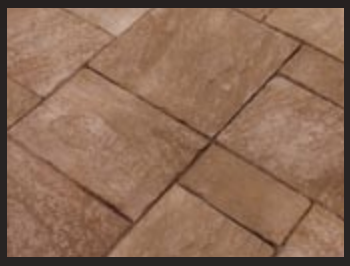

FREE Sample packs delivered to your door in 72 hours!

Only Unilock® has what you need to meet the demand for outdoor living spaces.

COPTHORNE®

Old-world pavers with a new-world twist. Copthorne offers rich timeworn textures with the durability of Unilock's new hi-tech concrete.

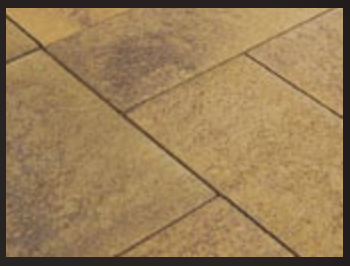

NORTHSHORE™

Northshore™ captures the timeless character of square-cut flagstone with its weathered surface and edges. Northshore's beauty is also matched with superior performance that exceeds most natural stone products.

ESTATE WALL®

The unique antique-textured finish of Estate Wall recreates the appearance of aged, natural rock. Create virtually any seatwall, planter, step or pillar design with these multiple length units.

UMBRIANO®

The look of granite, the feel of granite but way smarter than granite. Umbriano's color choices and unit sizes offer high style and endless granite possibilities.
