

MUNICIPAL & CONTRACTOR FALL EQUIPMENT SHOW SPONSORSHIP OPPORTUNITIES September 14 & 15, 2011

MAXIMIZE RESULTS THROUGH SPONSORSHIP

Show and conference experts often cite sponsorship as one the most effective promotional tools for creating those billboards that can reinforce their presence at the show.

Sponsorship opportunities can offer multiple levels of involvement that will get your company the additional exposure it wants both on and off the event floor.

The Municipal & Contractor Fall Equipment Show has many opportunities that your company can participate in, and every option gives your company additional signage, logo recognition in printed materials and special mention. Your support of the event sends a strong signal of your commitment to the industry and customers will recognize you for it. We can also put together custom programs that are tailored to your specific needs.
